

St Josephs By The Sea Reflexology Clinic

We are delighted to offer those needing special consideration a Reflexology for relaxation service in our Wholeness Room here in the beautiful environment of SJBTS.

“Reflexology is an ancient art and science based on the premise that there are reflex points in the feet hands, head, and ears, that correspond to the physical, emotional, and spiritual aspects of the human being.

Reflexology is a unique method using finger, thumb, and hand techniques on these reflex points, which actively engage with the whole being, bringing about a profound sense of balance and relaxation”.
